

SAFETY CORNER

Public Safety Newsletter

TOPIC: SAFETY CORNER
Written By: Chief Lyndon Overweg
Date: July 30, 2008

Hello Everyone! I am pleased to introduce you to the new weekly newsletter that will be posted on our website. The purpose of this newsletter is twofold; the first purpose is to inform the public of specific safety tips or public safety reminders, the second is it gives the citizens a chance to recognize the different public safety employees within our communities. Our goal is to introduce a different employee and a new safety tip each week.

This column will provide different types of information about both police and fire issues within the City of Mitchell.

If you would like to learn about certain topics please email cindy@mitchelldps.com and reference Safety Corner.

This site also provides the opportunity for citizens to give feedback about an employee of the department of public safety through the commendation / complaint links located at http://www.cityofmitchell.org/public_safety/index.htm.

The Mitchell Department of Public Safety oversees the following divisions:

FIRE/EMS * POLICE * COMMUNICATIONS * TRAFFIC

The department is unique in the fact that it houses all Police, Fire/EMS, and Communications staff in one location.

The Mitchell Department of Public Safety strives to provide excellent response times and service to citizens and visitors of the Mitchell Community.
